11 staff members at Lindsay jail suspended by Ministry

LINDSAY — The Ministry of Correctional Services last week announced the suspension of 11 staff members of the Lindsay jail, ending the completion of hearings into alleged unprofessional conduct.

The 11 staff members include both management and bargaining unit employees. The action follows an investigation by the ministry's inspection and investigations branch into claims by two inmates that they were assaulted by staff in separate incidents which occurred several days before the attempted escape from the jail.

During the unsuccessful escape attempt on May 24th, three correctional officers were assaulted. Two of the officers were seriously injured and required hospitalization. Following the incident two inmates were charged with prison breach by force and assault causing bodily harm and this matter is now before the courts.

Notices of the suspensions were delivered to the affected staff last week. Each member will have an opportunity to respond to the allegations at individual hearings expected to commence this week.

In the interest of ensuring fair and impartial hearings the results of these internal hearings will not be made public until after all 11 have been completed.

CNR hasn't received word on proposed steam train

Canadian National Railways has not heard anything from the Canadian Transport Commission concerning CN's application to abandon its line from Lindsay to Haliburton says Mike Matthews of CN's Toronto office.

Mr. Matthews says the matter is still in obedience. A hearing was held last September but results are still pending. The committee investigating the feasibility of operating a steam excursion train on the 55 mile route has to wait for the answer before it can move ahead on plans and budget for maintenance of the line. A second obstacle on the track is the recent burning of McLaren's Creek bridge. The 106 foot bridge is located about five miles from Lindsay.

Mr. Matthews says CN has declared the line temporarily impassable and cost of replacing the bridge would be in the \$50-60,000 range is being discussed now he said.

The burned bridge doesn't severely affect CN's operations as the volume of traffic on that line is so low, rail traffic will stop at Lindsay and items will be trucked to customers he added.

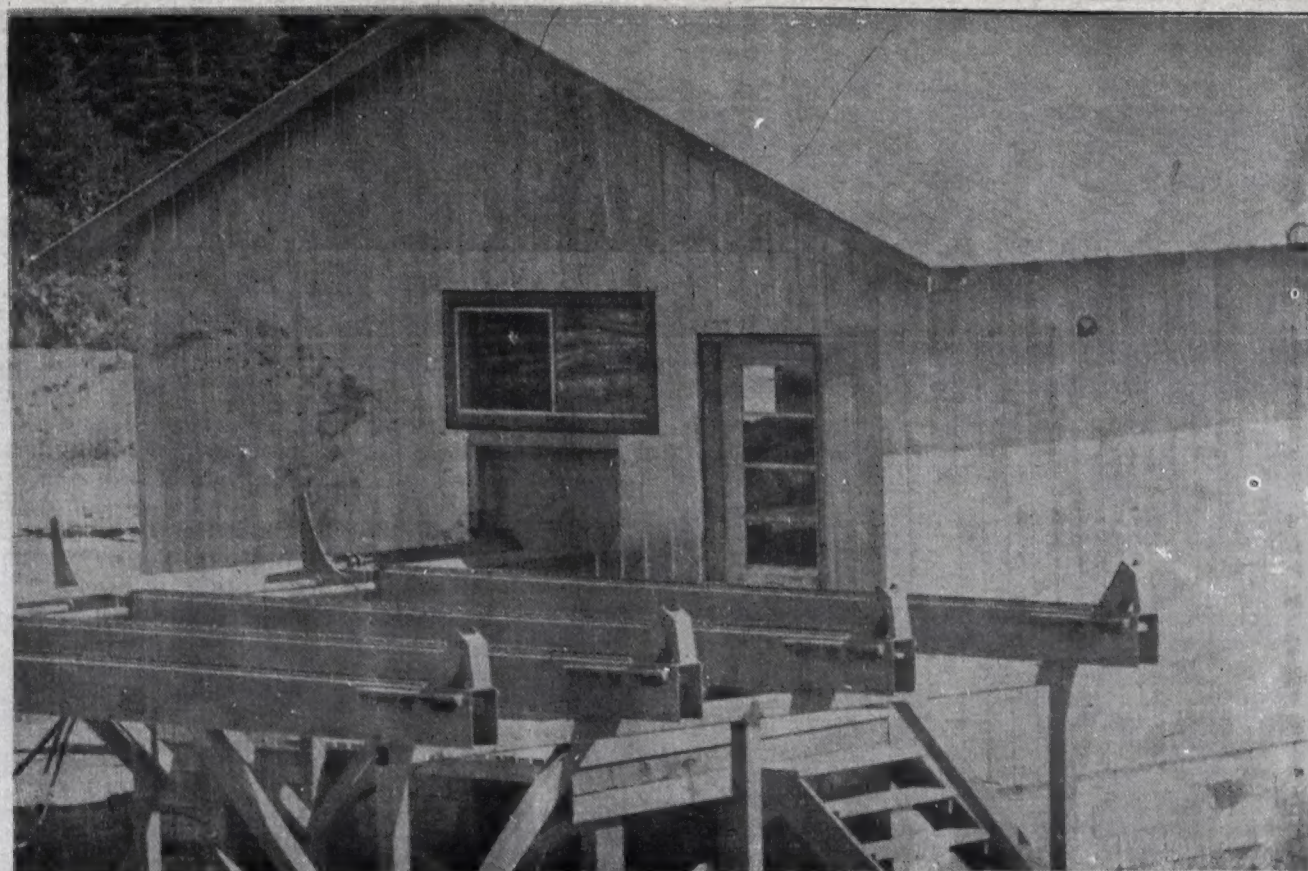

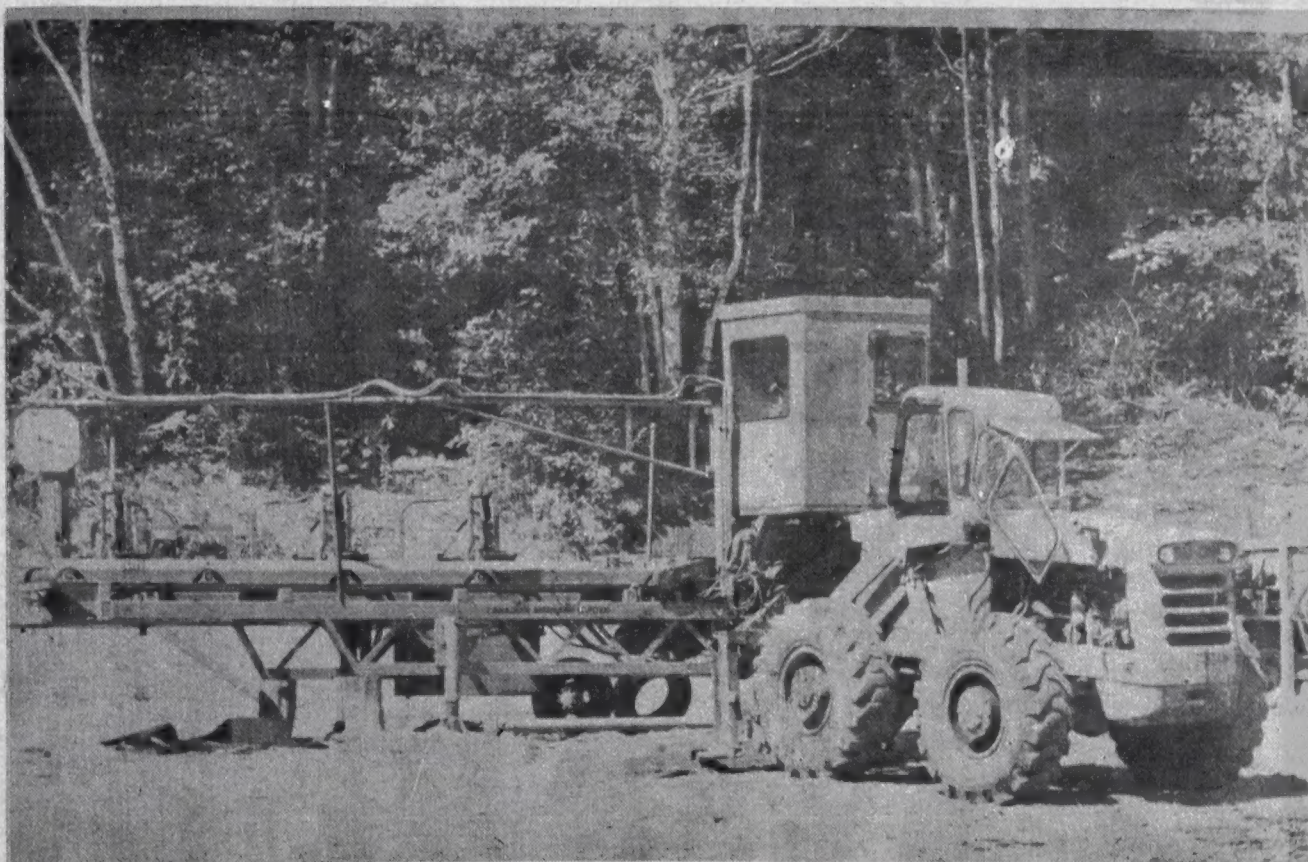

Consumer Minister Announces New Film Category

Ontario Consumer Minister Gord Walker today announced a new addition to the category system used to classify films in the province.

The new Adult Accompaniment category will permit people 14 years of age or older unsupervised entry. Children under 14 years of

age may attend films in this category if accompanied by an adult aged 18 or older. Only films which are classified on or after August 1, 1981 will be affected by this new category.

"A difficulty with the present system is that on one hand certain restricted films might

Woodward sawmill and splitting plant ready

STANHOPE — In July Stanhope Township council approved the opening of a sawmill and wood splitting plant on the North Shore Road at the rear of the township's storage shed. As of this Monday, Ontario Hydro was installing the power to the two operations and if all goes

as planned, owner Ray Woodward should see the first lumber cut by his mill at the beginning of the week. Top photo: the new sawmill, bottom: the new fully automatic wood splitting plant. Mr. Woodward emphasized last week that all wood delivered to the site will be used.

well be suitable for viewing by teenagers in high school, and on the other hand some films currently classified as "adult entertainment" are inappropriate for younger audiences but are open to them."

"The change will serve to both clarify and tighten the existing classification system," said Mr. Walker.

The Restricted category will continue as it has in the

past with admittance limited to adults aged 18 and over. Any films which do not fall in the Restricted or Adult Accompaniment categories will have unrestricted admittance. However, an advisory clarification of content will accompany all advertising. The two advisory captions are "Parental Guidance", intended to alert parents that certain language or scenes may be too

mature for some children and "Family" meaning suitable for all.

Mr. Walker also announced his intention to change the composition of the censor board through an amendment to The Theatres Act which will be introduced in the fall.

The censor board currently consists of the director, assistant director and five full-

time members, three of whom are civil service positions. "We intend to abolish the civil servant positions and establish a new board of censors with a minimum of 25 part-time positions to be filled on a rotating basis, by a broad cross-section of community representatives to ensure continuity", said Mr. Walker.

EDITORALLY SPEAKING

Gas prices catch up ... on taxes alone

Despite the fact that the well-head price of oil in Canada is being kept well below American levels the motorist in Canada is now paying about the same for gasoline as his US counterpart.

He is paying so much not because the oil companies are imposing heavy markups (they haven't had a substantial increase in years and because of the poor profit margin they're leaving the country).

No it is because of the great defenders of our low well-head oil prices (Trudeau and Davis) have dropped monstrous new taxes onto oil and gas.

They have taken potential profit from the oil companies (who at least could put it to good use by finding more oil) and they have pocketed billions more of tax dollars which simply go to pay their free spending bureaucracies.

In the US now the oil producers get about 21 percent of the retail price of gas. In Canada they get a mere 7.3 percent.

In the US, governments at various levels get 48.9 cents of the cost of gas in taxes and royalties. In Canada the governments get 63.3 percent.

The Prime Minister and the Ontario Premier wouldn't hear of it when Joe Clark proposed an 18 cent increase in gas prices in 1979-80. Since then they have both piled more than double that in taxes alone onto the price of gas.

And still Ottawa and Alberta have not reached an oil pricing agreement. When they do, it will have to provide oil companies with substantial increases. That's the only way we will ever get them digging for oil again.

But that will now go on top of the new taxes imposed by Ottawa and the provinces. Canadian gas prices will have to soar beyond all reason, unless the governments are prepared to drop some of their tax and turn the money over to the oil companies.

And that isn't likely. That money has already disappeared into the jaws of the always hungry government.

Anson, Hindon and Minden

Council meets

MINDEN — Last Wednesday, the townships of Anson, Hindon and Minden met for the 20th council meeting of the year.

Miss Smith from Minden Pines was present to request the installation of a streetlight near her business. Council advised her that the budget had already been expended and suggested that she send a letter of request early in the new year.

Council passed a motion that it shall be the policy of the townships that the administration fee up to a maximum amount of \$50 shall be waived in severance applications where the municipality is being deeded property for road purposes or agreements accepted in lieu of a deed.

Coneybeare Motors changes hands after 36 years

HALIBURTON — One of the oldest businesses in the County, Coneybeare Motors on Highway 121, five miles east of the village, will now be known as Bennett Motors. Lloyd Coneybeare, who started his service station on this site in 1945, has decided its time to retire. Lloyd and his wife Rose officially retired at midnight on August 15 handing the business over to Gord and Marlene Bennett, long time resident of Haliburton. Gord and his wife arrived here 22 years ago and he worked for Lloyd for 13 years as a mechanic before moving on to Curry's, where he has been since 1974. Above, Gord is seen beside one of the new AMC cars which he will continue to sell. Bennett Motors will also have the British Leyland dealership and is retaining the Esso service.

Mrs. Patricia White attended regarding a severance application and possible rezoning of the balance of the property on Prince Street, to commercial.

Council advised that MTC as well as municipal regulations would apply when developing this prop-

erty and recommended that a proper sketch be submitted outlining the amount of property to be rezoned. That portion adjacent to both sides of the creek are to remain as public park land.

Council appointed R. C. Schell and Elinor Burk as campground administrators or campground inspectors pursuant to Section 1c of bylaw 81-26.

Council also advised the firm of MacGillivray & Co. that their services as auditors will no longer be required effective upon completion of the financial report for 1980.

LEASING

Four escape with minor injuries

MINDEN — Four young persons from Minden escaped with their lives from this 1980 Chevette after it rolled over on a curve on County Road 18 near Ingoldsby last Thursday evening. Ronald Wayne Yake 18, and his three passengers, Scott A. Arbuthnot 17, Brett Austin 17, and

Arthur B. Stromberg 18 all of Minden received injuries in the mishap and were treated at Minden's Red Cross hospital. Police report that Yake has been charged with impaired driving. PC Pearson.

Teenagers pile-up stolen car, \$6,000 damage, charges laid

MINDEN — It was one of those weekends in the County where OPP never had a moments peace. The staff investigated 20 motor vehicle collisions, that left 15 persons with minor injuries and \$27,00 in damages.

Last Monday, Aug. 10 a single collision occurred on Hwy. 121 in Dysart Township. Kenneth C. Auger 22, of Oshawa lost control of his car on a curve and rolled over. No charges or injuries were laid and the damages came to \$1500.

Also on Monday at 6:50 pm., on Hwy. 530 west of West Guilford, a mini-bus received \$9000 in damages when it spun around and tipped over.

Thomas Edward Russell 21, of London lost control of the vehicle and received minor injuries.

Early Tuesday morning a Rexdale man lost control of his vehicle on a private road. Otto R. Rosumek 67, was driving down a steep grade when the car hit a soft shoulder and went over the embankment.

A report of a car rollover early last Wednesday morning at Haliburton Lake led to the discovery by OPP that the car had been stolen.

Police have charged Barry Jonathan Gork, 17, of Don Mills driver of the car with theft over \$200.

Around midnight on Thursday, on Hwy. 121 east of Minden, Boyd C. Jarvis 30, of Minden, swerved to miss a bear crossing the road. His car left the roadway and struck a rockcut and rolled over. Damage was set at \$3000.

On Hwy. 35 north of Minden on Thursday afternoon, Michael R. Lake 26 of Port Perry was passing vehicles on his motorcycle when he collided with the left side of a turning car operated by Judith A. Zeilig 36, of Toronto.

The motorcycle was damaged for \$1500 and the car for the same amount. Lake and his passenger were thrown over the car and taken to Minden hospital. Michael McClean 34, of Port Perry was the passenger.

Police report that Zeilig has been charged with making an unsafe turn and Lake was charged with not having a proper drivers license.

Five people were injured on Thursday afternoon about 5 pm in a two vehicle collision. On Hwy. 519

in Haliburton village Barbara Walchuk 19, of Weston and Paul M. LeBlanc 21 of Toronto collided.

Both were injured in the vehicle mishap along with Joy Davies 20, of Brockville a passenger in the Walchuk vehicle and two local residents in the LeBlanc vehicle, Kelly Cummings 15 and Joy Johnston 22. Police report that LeBlanc was charged with impaired. Damages totalled \$1700 to both vehicles.

Jane Symons powers Stanhope to 7-2 win over Dixie Lee

MINDEN — The final games of the regular season were played on Tuesday evening, and both were important contests. Going into the evening games second and third spots were still undecided, leaving the playoff pairings uncertain.

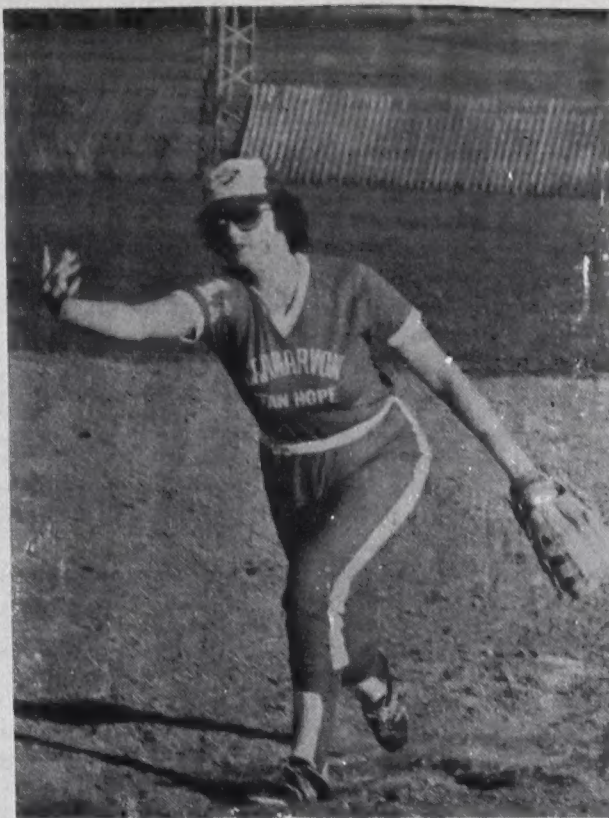

However, following seven innings of action in Minden and in West Guilford, the playoff picture is now set. Minden's Dixie Lee Homestead who finished fourth will take on Stanhope and league champion Haliburton meets Guilford.

In Minden Tuesday evening Stanhope held a one point lead over Guilford in the standings and only needed a win to secure second spot. They did just that, crushing Dixie Lee 7-2.

Jane Symons led the Stanhope ladies at the plate with a triple and two doubles in four trips, knocking in four runs. Marg Darby continued her strong pitching that has led her team to their second place finish, allowing just two runs on three hits and a walk while striking out four. Nelda Cully went all the way for Minden giving up seven runs on ten hits, six walks and struck out one.

The game was decided in the second inning when Stanhope managed a double by Symons, singles by Wendy and Susan Ballantyne and walks to Shirley Harrison and Cathy Darby, bringing four runs across the plate.

Lynn Wynans collected a double and a walk for Dixie Lee while teammate Marg Fielding chipped in

MARG DARBY — 3 HITTER

with two singles to account for all the Minden offence on this night.

In West Guilford where the Guilford gals met Minden Jrs., Guilford came out on top 4-3.

The playoffs are now set with Haliburton meeting West Guilford and Stanhope takes on Minden's DL. Action gets underway in Haliburton and Minden Monday evening at 7 pm.

The standings are: Haliburton 19,4,1,39; Stanhope 18,6,36; West Guilford 17,6,1,35; Dixie Lee 12, 12,24; Minden Jrs. 8,16,16; Gooderham 4,20,8 and Wilberforce 4,20,8.

Dixie Lee trounces Stanhope to take lead in playoffs

MINDEN — The Haliburton County ladies softball playoffs got underway with the two of three semi final series on Monday, and Minden's Dixie Lee-Homestead came up with the first major upset of these playoffs.

ONTARIO GOVERNMENT NOTICE

Completion of Highway Study HIGHWAY 121

The Ministry of Transportation and Communications (M.T.C.) has completed a design study which will result in the reconstruction of Highway 121 from 0.4 km east of Highway 35 to 0.6 km west of Highway 519 (Head Lake Bridge). In addition, various locations will be reconstructed on Highway 121 east of Haliburton commencing at the east limit of Haliburton and running easterly for 13.4 km.

This is an M.T.C. Environmental Assessment Group B type project, Category B-2, (Minor realignments and adjustments to alignment, grades and cross-sections—Rural). As such, it has followed the process outlined in the Environmental Assessment Class Document B-2, which has been approved by the Ministry of the Environment.

An Environmental Study Report has been prepared and filed with the Environmental Approvals Branch of the Ministry of the Environment, and is available for public review at the following offices:

Ministry of the Environment:

Environmental Approvals Branch
Environmental Assessment Section
10th Floor, 135 St. Clair Avenue West
Toronto

Central Region Office
Suite 700
150 Ferrand Drive
Don Mills

P1B 8L2

B Category projects can be elevated to an Individual Environmental Assessment (A Category) where the project results in severe environmental impacts. A change in Category designation will be considered when initiated by the public, the Ministry of the Environment or the Ministry of Transportation and Communications. For further information, please contact the above.

**Ministry of
Transportation and
Communications**

Playing before a good sized crowd in Minden, DL came up with their finest performance of the year, drubbing the Carnarvon gals 18-2. In the 'A' series semi-final, Haliburton had a tough time with West Guilford, trailing most of the game, but finished hot, to win 11-10.

Joal Paul was the tower of strength at the plate for Minden, cashing three hits in four trips, including a two run homer. Ann Hewson also had a fine night, going three for five.

Nelda Cully picked up the win with relief from Andrea Burk. Minden now takes a 1-0 lead in the best of three with the second game set for Thurs-

Tougher Legislation Proposed for Mortgage Brokers

Ontario Minister Gord Walker announced today that he intends to introduce tougher legislation that will protect the unsophisticated investor from undisclosed risk.

Mr. Walker told the legislature he hopes to be in a position to introduce legislation during the fall session and asked members for their comments over the summer.

He said he feels his ministry can minimize the possibility of fraudulent practices by toughening the entry requirements for mortgage brokers and intensifying the inspection process.

"The government cannot guarantee a fraud will not occur. All we can do is ensure

certain minimum standards for entry are followed and periodic reviews are carried out, thereby cutting down on the possibility of fraud."

The minister said he is studying a proposal to require mortgage brokers to provide full disclosure to all investors so that they can evaluate the risks for themselves.

He said he also agrees with the Law Society of Canada that lawyers should be excluded from acting as mortgage brokers, or that they be required to maintain separate insurance coverage. Almost half of the 928 registered mortgage brokers are lawyers or their spouses are lawyers.

Mr. Walker said his ministry

day at Minden. Time 7:30 pm.

In Haliburton it looked like another upset was in the making, however, the timely hitting of Pam Iles proved too much for the Guilford crew, as she pounded two homers. Wendy Roberts also homered but the hit was taken away as the bat was challenged by Guilford coach George Nicholls and it was found to be illegal. Nancy Maughan was the winning hurler while Joan McKay took the loss.

In the Consolation final between Gooderham and Wilberforce, Gooderham won the series two straight 18-8 and 21-19. The gals now meet Minden Jrs. in the final. No dates or times were available.

is intensifying its review of mortgage brokers operating in the province. When applications come up for renewal they are put through police checks, credit checks and checks for outstanding judgments. Financial statements are also reviewed at this time.

The Business Practices Division of the ministry is also carrying out selective inspections to ensure that brokers are visited at least once during the next two

years.

"If any irregularities are identified the mortgage broker will be subjected to a second thorough search, including a new audit of financial statements, independent appraisals of properties and direct contact with the investors involved, if necessary," said Mr. Walker.

Freezer Facts

One way to fight inflation

"Although the Retail Council of Canada is forecasting food price increases of 15 per cent this year, there is one way consumers can fight back" says Gloria Collins of the Glad Home Freezing Information Centre. "Freeze fruits and vegetables now while prices are at their lowest and avoid those expensive imports during the winter."

Just be sure you learn a few basic freezing facts before you start, she advises. During the past two years, the Centre has filled more than 12,500 requests from consumers for free home freezing pamphlets and many consumers write for help with specific problems.

"The main problem experienced by home freezing enthusiasts seems to be freezer burn, the white or grey-white patches on

food that is due to moisture loss," says Collins. "Freezer burn isn't harmful, but the foods are drier and less flavorful.

"Freezer burn is easily prevented by using a good quality freezer bag and by making sure that all the air is removed from the bag before freezing your produce. Glad freezer bags are a good choice because they come with a straw to help you remove the air, as well as labels and twist ties. Since keeping food frozen too long also contributes to freezer burn, it is important to date your food on the labels provided and use your produce before its maximum storage time."

For free pamphlets on freezing write: The Glad Home Freezing Information Centre, 2166 Queen Street East, Toronto, Ontario M4E 1E4.
